

Records Retention and Removal Policy

The purpose of this policy is to ensure the proper management of Library records according to law and recommended practice.

For the purposes of this policy, “records” refers to both paper and electronic documents and files, including email. Therefore, any electronic records that fall into one of the document types on the Record Retention Schedule will also be maintained for the appropriate amount of time.

1. Confidentiality

New York State Civil Practice Law & Rules 4509, [Chapter 112, Laws of 1988](#), provides that any library records that personally identify users of libraries shall be confidential. Any questions regarding access to these records should be directed to the NYS Committee of Open Government.

2. Administration

The Executive Director, Administrative Assistant, and Finance Clerk will be the Administrators of this policy. The Administrators’ responsibilities include supervising and coordinating the retention, destruction, and disposal of records pursuant to the Record Retention Schedule outlined in this policy.

3. Emergency Planning

It is good general archival and records management practice to maintain three copies of any record in separate locations in case of natural disaster or loss of access to a record’s format. Records that are essential to Library operations will be duplicated and/or backed-up regularly and maintained off-site.

2. Record Retention Schedule

The [New York State Education Department Records Retention and Disposition Schedule LGS-1](#), issued pursuant to Article 57-A of the Arts and Cultural Affairs Law, and containing legal minimum retention periods for local government records, including any

future revisions and re-issuances thereof, is adopted by the Library in legally disposing of valueless records listed therein.

Those records that are described in New York State Education Department Records Retention and Disposition Schedule LGS-1 may not be dispersed until they have met the minimum retention periods described therein. Only those records that do not have sufficient administrative, fiscal, legal, or historical value to merit retention beyond established legal minimum periods may be disposed of.

The following chart includes retention periods for the majority of Library documents.

3. Digitization

The Library digitizes certain organizational records as a strategy for saving space, increasing access, reducing retrieval time, or creating back-ups. In such instances, the Library will ensure that the digitized images will accurately and completely reproduce all the information in the records being imaged and will not be rendered unusable due to changing or proprietary technology before their retention and preservation requirements are met.

Digitized items will be retained in accordance with the terms noted in Section 3 and in consideration of appropriate confidentiality and copyright standards. Original paper copies of digitized items should be retained if the retention period is permanent.

4. Document Destruction & Disposal

The Administrators are responsible for the ongoing process of identifying records which have met the required retention period and overseeing their destruction and disposal. Destruction of financial and personnel-related records will be accomplished by shredding. Document destruction will be suspended immediately upon any indication of an official investigation or when a lawsuit is filed or appears imminent. Destruction will be reinstated upon conclusion of the investigation.

5. Compliance

Unauthorized modification or removal of records from the Library is not permitted. Destruction or disposition of records not in accordance with the Records Retention Schedule is prohibited.
