

Parking & Towing Policy

1. Parking Guidelines

Use of the Geneva Public Library (“the Library”) parking lot is intended for the benefit of Library patrons, employees, volunteers, and contractors during normal hours of operation. When the Library is closed, use of the parking lot is restricted to Library-related business or as approved by the Executive Director or their designee. Overnight and long-term parking are prohibited uses of the parking lot.

2. Enforcement Procedures

Unauthorized use of the Library’s parking lot may result in the offending vehicle being towed from the parking lot at the owner’s expense. The Library provides notice of this policy by displaying signs at the entrances of the Library’s parking lot.
